# Educating the Total Child

All Chapel Glen students attend a Special Area class for **forty-five minutes** each day. Special Area classes at Chapel Glen consist of Art, Computer Science or Technology, Library, Music and Physical Education. The grade level classes attend the same Special Area class on the same day of each week. There will be no make up days for missed classes.

**Special area classes are academic**, and every student will receive a grade on the report card at the end of each semester. Tests and assessments will be given throughout the year, however, the majority of the grade is based on the student's participation during class. Please check Skyward regularly for up-to-date grades in each class. Occasional projects and homework may be assigned to be completed outside of the school day. Please contact any of the Special Area teachers with your questions or concerns.

## **Supplies needed and important information for each Special**

**Physical Education** - For your child's safety and to prevent injuries, **tennis shoes are required** to be worn during every P.E. class. Their grade will be lowered when not wearing tennis shoes. A doctor's note is required for long-term injuries and another doctor's note is required for resuming activities such as recess and P.E.

**Music** - **4th** grade students need a two-pocket folder with prongs to use during the entire school year. **5th** grade students will need a soprano, baroque-fingering recorder and CGE Recorder book from January through May. Order forms will be sent home before Christmas to purchase a recorder and/or book as needed.

**Library** - Students are responsible for their library materials. Any lost or damaged materials will need to be replaced or paid for by the student. **Kindergarten and 1st grade** students may check out one book at a time. **2nd through 6th grade** students may check out two books at a time. Students will also be working on technology skills during some of their class visits.

**Computer Science** - Ms. LeBeau will be visiting the classroom for computer science class. We will use the school's Chromebooks, and students are expected to be safe and responsible when we are online. We will learn about internet safety and how to use computers. We will also learn to write basic computer code and create our own programs. We are not on the computers every class period, we will also do many "unplugged" activities to learn computer science concepts, as well as critical thinking and problem solving.

**Art** - Students need to bring their own supplies to every Art class.

sharpened pencils — 2	eraser	crayons — 24 ct.
markers — 8 ct.	scissors	glue sticks
water color paints	Kleenex	hand sanitizer

These will be **in addition to the supplies** requested by the classroom teacher.
